

WB Signal Tower

The Signal Tower is supplied in modular form with a base unit (terminal element) & separate bayonet-fit lense or sounder. These may be used to warn of potential hazards or indicate the status of plant items, doors etc.

 **COOPER** Notification

Mounting Options

For tube mounting the terminal elements must be combined with the base and integrated tube. A bracket can then be added if necessary.

Terminal element for tube mounting
(includes top cap)
